Q I'm Lory Stone. Also with me from the Commission today is Benjamin Brutlag, Michael Baker and Bradley Ney,

Page 174 Page 176 1 Q And tell us about the results for these third-party 2 2 Q Does that mean that Orion was testing internally in Pen Test, how did the results come to Solarwinds if they did? 3 3 Q3 2020 by a member of the security team? A The third-party tester would create a report, a 4 4 A It was scheduled to be scanned for Q3 2020 by the draft report and provide that to Solarwinds for review. And 5 security team. 5 they would, Solarwinds would review the results and then we 6 Q Okay, the items that are pointed out, does that 6 would meet with the Pen Tester, talk through any area of 7 7 mean they have, happened, the two columns that are greyed concern or in some cases the results that were found 8 8 out? externally may have been like a false positive or something 9 9 A Correct. that the engineering team felt they didn't test quite right. 10 10 Q All right, let's look at slide three which is 2020 So, they would, we would talk through those items, they would 11 external penetration testing. So, there are several items 11 then revise and update the report and then provide us a final 12 listed followed by one word in parenthesis. For instance, if 12 report and an executive summary. 13 13 we look at quarter 3, you'll see Kingdom followed by Rocket7 Q Who would the draft report go to? You used we a 14 14 in parenthesis. few times, who is the we there? 15 15 Can you tell me what we're looking at here? A The report would, for the external Pen Test they 16 A Yeah, so this is the product Kingdom and then we 16 would come to me or to Eric Quitugua, and then we would 17 had the third-party Rapid7 who would be performing the Pen 17 coordinate with the product teams. 18 Tests, but for DPM we had -- which was the third-party vendor 18 Q So, then you would reach out to the relevant 19 19 or -- for end central. product team for Kingdom or Ap Optics who, whatever product 20 20 it was is that right? Q Okay, why are there different third-parties hired 21 for product testing? 21 A Correct. 22 22 A We hired different product Pen Testers for Q Would you review the reports? 23 23 availability, and also to get diversity in results. I would coordinate the reports, but I'm not a 24 Q And what is the, I think you've answered this, the 24 technical person so I, I basically would just coordinate to 25 purpose of Pen Testing Solarwinds products is to identify 25 make sure that the right people had the reports and that we Page 175 Page 177 1 vulnerabilities. Do I have that right? 1 could have the conversations with the third-party. 2 2 A Correct. Q So, you could not review the reports for content is 3 3 Q Any other reason? that correct? A No. 4 A Correct. 5 Q What if anything was done with the results? So, 5 Q And why are third-parties hired to Pen Test these products? Why not just do these internally also? 6 6 you said there was a final report issued and an executive 7 7 A Oftentimes customers request a Pen Test summary to summary? 8 show that, that companies are performing Pen Testing and it's 8 A The, any vulnerabilities that were identified as 9 best practice to have a third-party perform that so that you 9 high or critical would be prioritized by the product teams have an official report. So, so it's a common practice to 10 10 for remediation. And then the report itself would be stored, 11 11 have third-parties perform the Pen Testing. and if requested by a customer under NDA would be provided, 12 12 Q Okay, and how did Solarwinds decide which products the summary would be provided to them. 13 to have tested by third-parties? 13 Q If vulnerabilities were identified as high or 14 14 A The products listed here are either under SOC2 or critical would those be tracked somewhere in one of the 15 15 systems we've discussed already today? 16 Q So, it's something that was under the purview of 16 A Those would be a task within GIRA. 17 17 the audit? And beyond the product team would anyone ask to see 18 18 A Correct. those, those vulnerabilities that the Pen Tester identified? 19 Q And because it was being audited Solarwinds also 19 A The report would be reviewed, also sent to the 20 decided to have it Pen Tested, or was it a requirement? 20 legal team. 21 21 A Pen Testing was a control under those, under ISO Q Anyone else? 22 27001 and SOC2. 22 No. 23 2.3 Q And how frequently were products Pen Tested Do you know when Solarwinds first started 24 24 conducting third-party Pen Tests of it's products? 25 25 A I don't know. A Pen Testing occurs annually.

Page 178 Page 180 Q The chart at page three, there's no third-parties A Other than the information provided here, no. 1 2 listed for the quarter four, the products are there, but 2 Q Okay, so you don't recall any high or critical findings for N Central? 3 3 there's no third-parties. Do you know if the same companies 4 4 were used in quarter four to Pen Test Solarwinds products? A No, I don't. 5 A We have three vendors on, under contract, so it 5 Q And Rapid7 is listed as another third-party tester 6 could have been Rapid7. Actually we, we had four, there was 6 that was used in Q3. Are you familiar with Rocket7? 7 another company. So, the process would be during the, the 7 8 specific quarter that we were in I would identify which 8 Q Do you know the period of engagement for which 9 9 vendor we had under contract for which product. And as we Rocket7 was used by Solarwinds? 10 10 A No, I don't. got closer to the next quarter I would assign and made sure 11 we had the right contracts for the specific products by 11 Q On slide three there's a, a row called Pen Testing 12 12 notes, do you see that? A Yes. 13 Q And do you know, in 2019 if Pen Testing was done in 13 2019 would it have been these same four vendors? 14 14 Q There's some discussion in the, in the notes about A I don't know. 15 15 re-testing. For Q2 is says no re-testing was written in the 16 Q Who was the fourth vendor? 16 contract, and in Q3 it says Rapid7 no re-testing was applied A Information Security I think is their name. 17 due to cost of tests. Netitude and Verisprite agreed to 17 18 Q In quarter two at the top of the, the list is Ap 18 perform re-testing on SOW. What is re-testing? 19 19 Optics, do you see that? A It's an external Pen Test when a Pen Tester runs A I do. 2.0 the first scan and they come up with vulnerability. The team 20 will go and do the remediation and then they will, the Pen 2.1 Q Is that the same, that's the same product we were 21 22 talking about in Exhibit 82, correct? 22 Testing company will then come back and re-test. 23 23 Q Okay, and what is the purpose of re-testing? A Correct, yes. 24 Q I can't remember if you told me how that came to 24 A To look for any new vulnerabilities, but also to 25 your attention the, the line item in Exhibit 84 that dealt 25 confirm that the previously found vulnerabilities have been Page 181 1 with Ap Optics. Did it come to your attention because of a 1 remediated. 2 Pen Test, do you know? 2 Q Why was there no re-testing for Rapid7 due to cost? 3 3 I guess, what can you tell me about that, that bullet and A Let me just make sure, Exhibit 84? 4 Q Exhibit 84, and I think it was line, no, it was the 4 entry? 5 A We didn't contract with Rapid7 to do any re-5 last line I think, line 20. 6 A The risk, line 20 was from the SOC2 audit not, not 6 testing. 7 the Pen Test. 7 Q And that was due to the expense? 8 Q Okay, so the SOC2 audit identified the issue 8 A That, yeah, I don't recall the exact reason other 9 independent of the Pen Test? 9 than what's written here as to why we didn't have re-testing with Rapid7. They were one of the more, of these listed they 10 A Correct. 10 11 Q For Q4 going back to Exhibit 83, for Q4 Papertrail 11 were one of the more expensive Pen Testers that we had. 12 is listed, what is Papertrail? 12 Q Do you know if they would have been making the 13 A Papertrail is a Solarwinds product. 13 decision not to do re-testing because of cost? Q What does it do? 14 A No. 14 1.5 A It is a logging tool. 15 Q Would this be, was Pen Testing part of the security 16 Q What does it log? 16 IT budget or where would that fall, if you know? 17 A I don't know. 17 A I don't recall. Q Do you know which vendor did the Pen Testing for 18 18 Q Do you have an opinion as to the effectiveness of 19 Papertrail in Q4 of 2020? 19 Rapid7 or how it compared to these other third-parties listed 20 20 A No, I don't recall. Q In Q3 for N Central, the third-party Pen Tester is 21 21 A As I stated earlier I'm not highly technical, and 2.2 listed, listed as Verisprite. Do you see that? 22 so I would take the feedback of the team, but I don't have an 23 A I do. 23 24 Q Do you recall Verisprite conducting testing in Q3 24 Q All right, so we talked about some ways that risks 25 of 2020? 25 are identified. Any other ways that risks were identified by

	Page 182	Page 184
1	Solarwinds that we haven't discussed?	1 identification.)
2	A Not that I'm aware.	2 A I don't recall the, the exhibits or the
3	Q Do you want to go ahead and take a 10 minute break?	3 attachments.
4	MR. DRAKELEY: Yes.	4 Q This would have been the time that you served in a
5	MS. STONE: Okay, why don't, why don't we do that.	5 consulting capacity for Solarwinds, is that right?
6	So, we are off the record at 4:15 p.m.	6 A That's correct.
7	(Off the record.)	7 Q And you were working on GDPR related issues, is
8	BY MS. STONE:	8 that correct?
9	Q If you could please confirm that there were no	9 A Correct.
10	conversations of substance between SEC staff and yourself	10 Q Okay, Mr. Quitugua writes, let's go over the
11	during the break?	formatting of the risk register as well as next steps on how
12	A I agree.	we'll take items from each individual team self-assessment to
13	Q So, we've been talking about identification of	populate this document moving forward. Do you recall having
14	risks. Let's switch now to tracking of risk. And I know	a meeting with Mr. Quitugua to discuss these issues?
15	you've told us a bit about the risk register, are there other	15 A I don't recall this meeting, no.
16	ways that Solarwinds tracked any risk it identified?	16 Q Okay, do you still believe that the risk register
17	A Not that I'm aware of.	is only populated through RAFs, or does this change your,
18	Q Okay, let's talk a bit more about the risk register	18 your recollection?
19	then and I, I apologize if some of these questions are	19 A My, during my, when I worked with the risk register
20	duplicative. It's getting to be a long day and I'm not sure,	we received risks from the Risk Acceptance Form.
21	I, I don't have all the answers at the forefront. But my	Q And what's the time period for that?
22	understanding from what you've told me is that the risk	A That would be February 2019 through May of 2020,
23	register is populated by the Risk Acceptance Forms that are	23 well, through 2021.
24	submitted, is that correct?	Q Do you recall a time prior where assessments were
25	A Correct.	also used to populate the RAF, the risk, the risk register?
	Page 183	Page 185
		lage 103
1	Q Is there any other way that content is populated	1 A I, I don't.
1 2	_	1 A I, I don't. 2 Q So, Eric is suggesting that you go over the
	Q Is there any other way that content is populated into the risk register? A No.	1 A I, I don't. 2 Q So, Eric is suggesting that you go over the 3 formatting of the risk register. Does this help job your
2 3 4	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance	1 A I, I don't. 2 Q So, Eric is suggesting that you go over the 3 formatting of the risk register. Does this help job your 4 memory as to whether the risk register was just being set up
2 3 4 5	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process?	1 A I, I don't. 2 Q So, Eric is suggesting that you go over the 3 formatting of the risk register. Does this help job your 4 memory as to whether the risk register was just being set up 5 in February of 2018?
2 3 4 5	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes.	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know.
2 3 4 5 6	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each
2 3 4 5 6 7 8	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can enter, enter a RAF, is that correct?	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each individual team's self-assessment to populate this document
2 3 4 5 6 7 8	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can enter, enter a RAF, is that correct? A Correct.	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. All right, and I think you were not sure how long Solarwinds has been using the risk, risk register is that right? A Yes. Q Let's go ahead and look at Exhibit 86. Exhibit 86 is a calendar invitation Bates stamped 100988 with two attachments, a PowerPoint at 100999 and an Excel spreadsheet at 101005. The calendar invite is from Eric Quitugua to	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each individual team's self-assessment to populate this document moving forward, do you understand that to be referencing the self-assessments that we discussed earlier that derived from the security guidelines? A Yes. Q Okay, let's take a minute to look at the attached document. Not the PowerPoint, just the risk register, so the document at 101005, it's an Excel spreadsheet. Do you recognize the risk register at 101005? A The structure is similar but this is different than the risk register that I worked with. Q Okay, do you think maybe this is an early iteration of it, a precursor to the risk register you worked with? MS. RIEWE: I guess, just if, if you know, Kellie.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can enter, enter a RAF, is that correct? A Correct. Q Okay, and the RAFs can be entered at any time and then they're reviewed on a monthly basis by you, remind me, is it Eric, Tim and sometimes Ashley, is that correct? A Yes. Q Okay. All right, and I think you were not sure how long Solarwinds has been using the risk, risk register is that right? A Yes. Q Let's go ahead and look at Exhibit 86. Exhibit 86 is a calendar invitation Bates stamped 100988 with two attachments, a PowerPoint at 100999 and an Excel spreadsheet at 101005. The calendar invite is from Eric Quitugua to Kellie Pierce, the subject is GDPR risk register status	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each individual team's self-assessment to populate this document moving forward, do you understand that to be referencing the self-assessments that we discussed earlier that derived from the security guidelines? A Yes. Q Okay, let's take a minute to look at the attached document. Not the PowerPoint, just the risk register, so the document at 101005, it's an Excel spreadsheet. Do you recognize the risk register at 101005? A The structure is similar but this is different than the risk register that I worked with. Q Okay, do you think maybe this is an early iteration of it, a precursor to the risk register you worked with? MS. RIEWE: I guess, just if, if you know, Kellie. Just no speculation, if you know, great.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can enter, enter a RAF, is that correct? A Correct. Q Okay, and the RAFs can be entered at any time and then they're reviewed on a monthly basis by you, remind me, is it Eric, Tim and sometimes Ashley, is that correct? A Yes. Q Okay. All right, and I think you were not sure how long Solarwinds has been using the risk, risk register is that right? A Yes. Q Let's go ahead and look at Exhibit 86. Exhibit 86 is a calendar invitation Bates stamped 100988 with two attachments, a PowerPoint at 100999 and an Excel spreadsheet at 101005. The calendar invite is from Eric Quitugua to Kellie Pierce, the subject is GDPR risk register status update/next steps, the date is 2/26/2018.	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each individual team's self-assessment to populate this document moving forward, do you understand that to be referencing the self-assessments that we discussed earlier that derived from the security guidelines? A Yes. Q Okay, let's take a minute to look at the attached document. Not the PowerPoint, just the risk register, so the document at 101005, it's an Excel spreadsheet. Do you recognize the risk register at 101005? A The structure is similar but this is different than the risk register that I worked with. Q Okay, do you think maybe this is an early iteration of it, a precursor to the risk register you worked with? MS. RIEWE: I guess, just if, if you know, Kellie. Just no speculation, if you know, great. THE WITNESS: I don't know.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	Q Is there any other way that content is populated into the risk register? A No. Q Okay, so it's solely through the Risk Acceptance Form process? A Yes. Q And am I remembering correctly that anyone can enter, enter a RAF, is that correct? A Correct. Q Okay, and the RAFs can be entered at any time and then they're reviewed on a monthly basis by you, remind me, is it Eric, Tim and sometimes Ashley, is that correct? A Yes. Q Okay. All right, and I think you were not sure how long Solarwinds has been using the risk, risk register is that right? A Yes. Q Let's go ahead and look at Exhibit 86. Exhibit 86 is a calendar invitation Bates stamped 100988 with two attachments, a PowerPoint at 100999 and an Excel spreadsheet at 101005. The calendar invite is from Eric Quitugua to Kellie Pierce, the subject is GDPR risk register status update/next steps, the date is 2/26/2018. Ms. Pierce, do you recognize Exhibit 86?	A I, I don't. Q So, Eric is suggesting that you go over the formatting of the risk register. Does this help job your memory as to whether the risk register was just being set up in February of 2018? A I don't, I don't know. Q When he writes how we'll take items from each individual team's self-assessment to populate this document moving forward, do you understand that to be referencing the self-assessments that we discussed earlier that derived from the security guidelines? A Yes. Q Okay, let's take a minute to look at the attached document. Not the PowerPoint, just the risk register, so the document at 101005, it's an Excel spreadsheet. Do you recognize the risk register at 101005? A The structure is similar but this is different than the risk register that I worked with. Q Okay, do you think maybe this is an early iteration of it, a precursor to the risk register you worked with? MS. RIEWE: I guess, just if, if you know, Kellie. Just no speculation, if you know, great. THE WITNESS: I don't know. BY MS. STONE:
